CORPORATE PROFILE

TORK PHILIPPINES, INC.

AN ELECTRO-MECHANICAL
ENGINEERING COMPANY

SINCE 1991

LETTER OF INTENT

This states our intention to join and be part of your business developmental projects.

Tork Philippines, Inc. (TPI) is a quality construction company in the country since April 1991 which specializes in engineering design, construction and preventive maintenance.

Below are the following products and services our company offers:

1. Industrial fans and blowers including ductworks and accessories;
2. Heating, ventilation and air-conditioning (HVAC) systems;
3. Wave pool systems;
4. Steel doors and frames;
5. Metal works such as stainless kitchen equipment, steel trusses, roof framings, ad board framings, elevated water and horizontal storage tanks, piping and plumbing and other related metal works.
6. Civil and architectural works.

We hope that you will give us an opportunity to participate in any of your present and future projects.

Sincerely yours,

Bryan Ray M. Yalung

President

MISSION STATEMENT

Tork Philippines, Inc. (TPI) is one of the most committed contractors of high quality electro-mechanical services in the Philippines. TPI has built a strong reputation and has accomplished an extremely wide variety of significant projects since April 1991.

TPI ensures its commitment to delighting customers from residential to commercial and industrial, both from private and government sectors by providing efficiently and effectively engineering solutions.

TPI aims to grow, expand, and update its lines of work with the latest technologies in the industry to be able to continuously provide the evolving needs of the market.

TPI guarantees quality customer service by continuously training and developing highly competitive and motivated employees that will serve with utmost professionalism.

Equipped with the core values of customer focus, professionalism, quality, safety, creativity, teamwork, availability, leadership, respect, and credibility, TPI aspires to contribute not just for the growth of its stakeholders but also for the development and prosperity of the country.

VISION STATEMENT

To become one of the leading quality electro-mechanical contractors in the country which specializes in industrial fans and blowers, HVAC systems, wave pool systems, steel doors and frames and other metal works with reliable and excellent after-sales service.

WHO WE ARE

Tork Philippines, Inc. (TPI) is a Filipino family corporation electro-mechanical construction company that was established and registered with the Securities and Exchange Commission on April 30, 1991. The company was created in pursuit of the owner to start his own business where he can put in to good use his 10 years of experience as a mechanical engineer from a private construction management company and from a government institution where he used to work in. With his immense technical knowledge and connection, he was able to put up the company.

TPI primarily designs, manufactures, installs and maintains industrial fans and blowers, HVAC systems, wave pool systems, steel doors and frames, and other metal works. The company manufactures products from raw materials and components that come from local importers and suppliers.

TPI caters products and services mostly to commercial buildings and industrial complexes and factories.

MR. BRYAN RAY M. YALUNG
President & General Manager
Tork Philippines Inc.
174 E. Garcia St., Brgy. E. Rodriguez
Cubao, Quezon City

Dear Mr. Yalung:

This has reference to your company's request of non-coverage under Department Order No. 174, Series of 2017.

A perusal of the Amended Articles of Incorporation showed that the primary purpose of Tork Philippines Inc. is to engage in the business of general construction and other allied businesses including the constructing, enlarging, repairing, removing, developing, or otherwise engaging in any work upon buildings, roads, highways, manufacturing plants, bridges, airfields, piers, docks, mines, shafts, waterworks, railroads, railways structures, all iron, steel, wood, masonry and earth construction and to make, execute, bid for and take or receive any contracts or assignment of contracts therefore or in relation thereto, or connected therewith and to manufacture and furnish building materials and supplies connected therewith, and doing or of any and all other business and contracting incidental thereto or connected therewith, and the doing and performing of any and all acts and things necessary, proper or convenient for and incidental to the furtherance and or implementation of the purposes therein mentioned.

DOLE Department Circular No. 01, Series of 2017 entitled "Clarifying the Applicability of Department Order No. 174, Series of 2017", states that PCAB registered contractors are not required to register under DO 174-17. Only those which are engaged in other contracting arrangements in addition to, or other than construction activities shall be required to register under Department Order No. 174, Series of 2017.

Accordingly, on the condition that your company will not engage in the contracting activities outside the construction industry, this Office is of the opinion that your company is not required to register under DO 174.

Be reminded that this opinion is based on the facts presented and without prejudice to the findings of the appropriate DOLE Regional Office based on the result of inspection conducted pursuant to Department Order No. 183, Series of 2017. Any undisclosed information material to the issue/s being raised may bring about a different opinion. This is strictly advisory and may not be invoked in any courts of law or administrative body.

Please be guided accordingly.

Very truly yours,
Ma. Teresita S. Cucueco
